

GREEN EGGS AND HAM FREE PRINTABLE

Here are some free printable worksheets you can use with kids to help them with rhyming, cutting and matching. I also made some blank eggs so you can make up your own activity. Remember to print it on green paper to make your Green Eggs.

Green Eggs & Ham

GREEN EASTER EGGS

You can also try writing rhyming words from the story on Easter eggs. Split them apart and scatter them in a basket then have kids match the top and bottom of each egg together.
