

Bee Flower Pot

Materials Needed:

- Plastic Cup
- Yellow And Black Construction Paper
- Black Pipe Cleaner
- Glue
- Scissors

Instructions:

- Cover the outside of a plastic cup in yellow construction paper
- Cut out black strips of construction paper then glue to the yellow construction paper on the cup to make it look like a bee
- Cut your pipe cleaner in half and glue both halves to the inside of the cup- these will be the bee's antennae
- Plant a flower in your new pot and watch it grow!
