Clock

## Materials Needed:

- Paper Plate
- Marker
- Construction Paper
- Pin
- String

Instructions:

- Cut out two thick pointed arrows for your hour and minute hands
- Use a pin to attach the hour and minute hands to the middle of your paper plate
- Write numbers 1-12 around the paper plate (check your clock to make sure the numbers are in the right spot!)
- Punch two holes at the top of your clock
- Push String through both holes and tie together, behind your clock
- Now you can hang up your clock!
