

## Dirt Cups

There is nothing like a dirt cup for a delicious spring snack! Let your children help you make instant chocolate pudding. Next, put some Oreo cookies into a plastic bag and give your child a rolling pin or a “hammer-like” tool and let them crush the cookies into small pieces. Layer the pudding and crushed cookies into a cup with the crushed cookies being on top! Stick in a gummy worm and you have dirt in a cup that is good enough to eat!
