

## Germs Are Not for Sharing

When you sneeze, what should you do? After you go potty, what do you need to do with your hands? This book will answer these questions and more about how to NOT spread germs! A fun craft to do after reading this book is to let your child draw a face on a paper plate. Eyes, mouth, and don't forget the nose! They can add some yarn for hair for fun! Then, trace one of their hands on a piece of construction paper and cut it out. Give them a tissue to glue over the nose and glue the hand over the tissue. This craft will remind them always to grab a tissue and cover their nose when they need to sneeze!
