

Sand

Materials Needed:

- 1 Cup Baking Soda
- 1/2 Cup Baking Powder
- 1/2 Cup Dishwashing Soap
- Plastic Bowl
- Stirring Spoon
- Cookie Sheet

Instructions:

- Combine the Baking Soda and Baking Powder along with the Dishwashing Soap
- Stir the mixture together in a plastic bowl- until the mixture is sandy/doughy
- If the mixture seems too wet add more baking powder
- Knead the mixture until it feels sandy/doughy
- Pour the sand onto a cookie sheet and then you can play with the sand!

Double the recipe for more sand!
