

I See Winter

By Charles Ghigna

Welcome Winter! Take your child into this cold and festive season through the pages of this book, full of winter scenes. They will see everything from snowflakes to mittens to cookies and cocoa! A fun activity after reading the book (many times!) is to make a matching game for your child. You can draw pictures of the different items in the book- geese, ornaments, snowmen, and more- on small index cards. Make sure to draw two of each item and then let your child color them. Next, shuffle the cards and then lay them out on a table or the floor, pictures side down. You can start the game by turning over two cards. If they match, you keep them. If they don't match, flip them back over, and it's your child's turn. Keep playing until all of the pairs have been found. This is a great way to strengthen your child's memory skills while having a lot of fun!
