

## **National Bake for Family Month**

February is National Bake for Family Month and what better way to celebrate than for your family to bake something for another family! Go through your recipes and ask your child what they would like to bake for another family. This family could be your friends or a neighbor you haven't met. Let your child help you every step of the way from buying the groceries to mixing the ingredients and finally delivering the baked goods to the family. What makes this even more fun? Make two batches- one for them and one for you!
