

# Make Your Own Slime

## Ingredients:

### Glue Mixture:

1 bottle of liquid glue  
1/2 cup of water  
Desired food coloring

### Borax Mixture:

1 tsp borax  
1 cup of water

## Instructions:

### Glue Mixture:

Measure 1/2 cup of water into a bowl  
Add the bottle of liquid glue to the 1/2 cup water- stir together.

Add desired food coloring into glue mixture (this will be the color of your slime!)

### Borax Mixture:

Measure a cup of water into a separate container  
Then measure a teaspoon of borax  
Add the measured borax to the cup of water- stir till dissolved.

Next you are going to add the borax mixture to the glue mixture- stir together until it turns slimy!
