

## **Pirate Potty**

By Samantha Berger

Ahoy, matey! Even pirates use the potty! When the little pirate in this story goes potty, he gets to put a special sticker on his pirate hat. Your child will certainly be encouraged to potty like the pirate in the story if they can get stickers, too! First, take one sheet of newspaper or any large rectangular paper and fold it in half. Next, fold each top corner down to the center of the paper, making 2 triangles. Finally, fold one bottom flap to the bottom edge of the triangles, tape in place if needed, then turn the paper over and fold the other bottom flap to the bottom edge of the triangles. You have made a pirate's hat! Let your child color it and place it on their head. Take a trip to the Dollar Store and grab some of your child's favorite stickers to put on the hat whenever they go potty. Pretty soon, your little pirate will be potty-trained!
