

Why Do You Yell, Little Bug?

Little Bug is asked throughout this book, “Do you think it is a good time to yell now?” as he is placed in different settings and situations, which is an excellent way for your child to learn with Little Bug: when it is a good time to yell and when it is not. After reading the book, talk to your child about how it is sometimes hard to know when it is okay to yell or use a loud voice. To help them learn, you and your child come up with hand motions that signal it's time to use a quiet voice or that it is okay to yell! Maybe cupping hands around the mouth means your child can be as loud as they like, and a finger to the lips means they must speak quietly. You can use whatever fun signs you and your child come up with to help them learn, as Little Bug did in the story!
